Thanks, Carol. It is unusual for an administrative document to be posted on the web, but that's what Forest Service decided to do in this case. They did not post the response to comments on the web; instead, the response to comments, along with several appendices, is included on the CD that we are awaiting. Forest Service is only sending the CDs to the cooperating agencies.

I'm confused by this, because if this is on the web, how is it merely "admin"? And I don't see a response to our comments on any of the link names, so it may not be what you want. But this might at least have some of what we need.

It's too early for the overnight to have reached the 15th floor, so I hope to have the cds ready for everyone later today.

Thank you
Carol

No. Unfortunately, despite EPA's requests, USFS is not giving us additional time to review this.

This CD also contains references, as well. Will ERO request the USFS provide us with 30 days once we receive a complete document?

Carol, the Forest Service told Kathy on Monday that they would overnight mail a CD with Rosemont EIS response to comments. Well, it didn't show up today so hopefully will tomorrow (Wednesday). Since Carter and I will both be out on Wednesday, would you please keep an eye out for this package and then make 5 copies of the CD for distribution? Then please bring them to:

2 copies - Shirley Rivera in AIR-3 (cubicle 17112) (she will give one to Cleveland Holladay in AIR-7).
1 copy - John Hillenbrand (cubicle 09135)
1 copy - Elizabeth Goldmann (cubicle 11104).

1 copy- Please send to:
